

WORLD RIMFIRE & AIR RIFLE BENCHREST FEDERATION

Rules of the Air Rifle World Postal 2010

General:

Distance 25 meters
3 Targets Unlimited Match at 20 ft/lb.
Outdoor-Only Shooter and Benches may be covered
Minimum of Ten Shooters for a Team Score to qualify
Mandatory Bench Rotation
Scheduled Matches to be held between March and November

Equipment:

Cannot Attach Rifle to Rest or Rest to Bench
Rail &/or Machine guns are Not Permitted

Rifle specification:

HV-B Air Rifle Class -is any .177-.20-.22 caliber air rifle having a safe manually and mechanically operated firing mechanism, with no weight limit. Any air regulator can be used as long as it is integral within the air cylinder. Any modification may be made to the rifle and any magnification scope may be used. Factory stock or stocks that meet 'Stock Clarification' rules may be used. Return to battery shall NOT be permitted. Muzzle brakes, muzzle flips, barrel weights or Harmonic Tuners are permitted. There is no restriction on cylinder size or capacity as long as **27.1 joules or 20-ft/lb. maximum power** is retained and it is integral within the rifle. (Separate Air Cylinders are not allowed the cylinder must be part of the rifle). Testing of air rifles via use of a chronograph will need to be done by match directors to ensure maximum power restrictions above – records of tested rifles will need to be kept for checks/ clarification. The match director has authority not to allow any rifle over the specified power limits to ensure fairness through the competition.

Rests:

A front rest shall only support the front portion of the rifle. The rear rest shall only support the rear portion of the rifle. Neither rest may be attached to the bench, the rifle or each other i.e.: Both parts shall be moveable independently of each other.

Target:

WRABF 25 meters target, UKBR 22 25 yards,

Best edge Scoring to Include "X"
Use a .22 plug for scoring.
All Targets Scored for Total, X counts & "First Miss"

Participants:
